Sunnyside wishes to come in and talk about legal frameworks for moving forward. I am pretty sure they are working on providing information they anticipate we would need to formalize a legal framework. I think we will discuss issuance of a 104(e). Be prepared to discuss why it might be necessary, or not, and/or whether there is some other way for them to submit info that they would attest to its accuracy etc.

Subject: EPA/SGC Denver Meeting

Martin:

Following up on our conversation, the below dates would presently work for us to meet in Denver. Nathan Longenecker (SGC General Counsel) and I would plan to attend on behalf of Sunnyside. Depending on availability, Lauren Roberts might also attend. I'm not initially inclined to include Larry Perino (SGC Reclamation Manager), but I need to consider that further.

I will look forward to hearing from you as to what date might work for you and your team.

Thanks and regards.

Greg
